Prof O. J. Wood—Dear Sir: Uosolicited, I was or this certificate. After being nearly to a ong time and having tried all the hards of a conglime and having no faith in any I was induced, on hea ing of yours. to give it a trial. I placed myself in the hands of a bridge, and had my head rabbed with a good stiff brush, and the Resto ative then applied and well rabbed in, till the scalp was all a glow. This I repeated every morning and in three weeks the young hair appeared, and grew rapidly from August inst up to the present time, and is now thick, black and a rong—soft and pleasant to the touch where s, before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and mae your Restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I have read of these things—and who has not? but have never seen hitherto any case in which any person's hair was really benefitted by any of the hair tooics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale th ourhout the Territory. The prople here saw its effects and have confidence in it. The supply you sent us, as wholesale agents for the Tritory, is nearly exhausted and daily judicies are made for it. You deserve credit for your discovery. I for one return you thanks for the benefit it has done me, for I certainly had despaired long ago of ever effecting any such result.

Yours, hastily.

Atchison Ferry! L. BURNES, BRO G. M. MILLION.

Titls FERRY has been in successful operation since 1849; during which time it has been the great crossing point for the Oregon, California and Utah Emigrant who came by Hanibal and Palmyra: there being a State Road lirectly through, and the latitude precisely the same. Our boat is a good one, and we have plenty of hands engaged at all times, to work it.

At the opening of Spring we shall have a fine new

STEAM FERRY BOAT, when all can cross without detention. The ferry landing is the best on the River, there being at all times deep water from shore to shore, and very narrow. Our banks have no wide sand beach where stock can mire down, being dry at all times.

To the Emigrant to Kansas we say, this is the place to cross, as when here the distance to other points in the Territory, is nearer than om crossing places above or below. Atchison, Kansas Ter., Jan. 27 1855.
